December 2009

To Vendors and Consultants:

The Maine Telecommunications Users Group (MTUG) is holding its 23rd Annual Telecommunications and Computer Networking Conference on Thursday, June 3, 2010 at the Holiday Inn by the Bay in Portland. We hope your company can participate.

We are planning another informative, educational and invigorating one-day event! We are pursuing a high level keynote speaker in the information technology field and will once again provide exhibit space in the Casco Bay Hall with all booths 8' x 10' in size. In addition, we will have a variety of educational seminars and ample networking opportunities for every attendee, all offered on the same fee schedule as the last two years.

We hope you will consider sponsoring our 2010 Conference -- there are many benefits outlined in the attached "Sponsorship Summary." Or choose "early bird special" registration, which offers \$100 off if you pay by February 5, 2010.

You can register and pay at the MTUG website, [www.mtug.org](http://www.mtug.org). Just fill out the on-line form and submit payment. Credit card payment is available on-line, or you can choose to pay by check. (An invoice will be sent to you, if requested. ) Please note that booth selection will be offered on a first paid, first booth choice basis with sponsors having top priority. You will have the chance to select your preferred booth location early in 2010, in the order your registration payment is received. Once your booth has been reserved, I'll send you logistics information.

We again encourage vendors to offer door prizes, an opportunity for you to collect participants' business cards. PLEASE NOTE: Each vendor must determine which individuals are eligible for its door prize(s).

We very much hope you will support us at our 23rd Annual Conference this year. If you have any questions, please contact me (phone: 617-945-7474; email: [marjoriestockford@comcast.net](mailto:marjoriestockford@comcast.net)). **I look forward to seeing you in May.**

Best regards,

*Marjorie A. Stockford*
